

## Bishop Amateur Radio Club

### Meeting Minutes December 11, 2012

Meeting called to order at 7:00 PM by BARC Vice President Mike Fitzsimmons (W6HDV)

Introductions around the room (~22 members) (see attached sign-in sheet for partial list)

### **Annual BARC Pot Luck Dinner**

The normal BARC Business meeting was not conducted with all items deferred to the January meeting!

An excellent repast was enjoyed by all with plenty of food and conversation around the dinner tables.

After dinner Dan Duriscoe from the United States Forest Service (USFS) made an excellent and very interesting presentation on the USFS efforts to measure and protect the night sky as a natural resource. Dan has spent many years measuring the night sky and offered a number of insights into the sources and mitigation of light pollution.

Thanks to Olin (WQ7YXY) for making the arrangements for Dan's talk!

Meeting was adjourned at 8:45 PM

John (AD6NR) Secretary
