

November 13, 2008

The Barc Radio Meeting was held Thursday November 13, 2008. It started at 7:10 pm. There were 8 people present.

Mike Fitzsimmons talked about the Boy Scouts and how they wanted a Ham Radio Demonstration in January or February 2009.

The Repeater link was installed at Silver Peak and at Johns House in November. It is up and running now. The Antenna was put on the Northeastern corner of the Building. We talked about the 9-1 and how it is better in Benton than the 9-4. The 9-1 is on a zebra antenna since "1986". We got it from the Fish & Game. We need to bring it down and repair it. We also discussed a higher antenna at Silver Peak a 20 ft antenna with a special paint that keeps the ice from forming. We also need 2 towers with a walkway in between.
