

## BARC Radio Meeting July 8<sup>th</sup> 2010

The BARC radio meeting was held Thursday July 8<sup>th</sup> 2010. It started at 7:05. John Patzer opened the meeting.

Bob Payne did the treasurers report. The Edison Bill was \$45.13. There is \$2,013.03 in the checking account and \$1,011.24 in the savings account.

There was no secretary report.

**OLD BUSINESS:** We talked about the field day rules. The computer form (Cabrillo form) the signals, bands, military time. You keep logs by time can't switch bands. Can switch every 30 minutes. We also talked about the Field Trip at Silver Peak held June 11<sup>th</sup>. At 8:00 am.

**NEW BUSINESS:** W7W0W discussed packet station on the wrong frequency. Need to change to 145.05. to enable Cory peak into Silver Peak. Dennis has 100 GE Master 2. can switch. Can change call sign on packet station build a 2<sup>nd</sup> 145.05 - 100 watts. So that packet and APRS would be on a Superstation master. Wants to put a 10 foot antenna from back yard 13 foot pole and South East Corner of Building so we can have a backup and interference free on 91 and 94 antennas. Dennis be allowed 91 and 94 to backup repeater hook up on pole on separate antennas on South East Corner of Building.

**Motion 1:** John made the motion Adrian seconded the motion. John (The other John) Put antenna up and bring 6 meter stuff down Vote 10 aye We talked about the backup to backup for local repeater. Big John New motion for – Sub committee Mike Fitzsimmons and Dennis Clark confirm next month to bring to proposal for back up to back up for Silver Peak. Adrian seconded the motion- passed.

Bob Moss W7WOW made a motion regarding changing the crystal on the packet station from 145.01 to 145.05. Big John seconded the motion. If no crystal bob will buy crystals. If no crystals are available Dennis has some. Passed and approved.

Dennis Proposal the 70 mill radio has been sabotaged. Steve Rogers (All Star System has GE cabinet) wants all 70 meters in one cabinet.

Adrian Proposes –Extension pole due east of the building. Put 94 on top of Walt's antenna. Big John seconded the motion . We will use wooden extenders or equivalent to extend site of pole and use non-metallic extensions. Motion amended and approved. Adrian and John are going to look at pole first. Vote aye and motion approved.

W7WOW talked about replacing the duplexer. Put 6 cavities on mountain with 6 cylinders.

John Patzer to get software and cable for TKR750 repeater. Meeting adjourned at 9:15 p. m.
