

BARC RADIO MEETING. Aug. 12, 2010

Meeting started at 7:15. And there were 7 people present. Bob Payne read his report. We got \$25 in dues. The Edison bill was \$53.92. The balance in the checking is \$2,084.11 and in the savings account there is \$1,011.24. There was no Secretary report. I was not present for the June Barc Club Meeting.

OLD BUSINESS: Software-Strange ordering procedure- clean pro. We bought from John Nelson for \$65 the repeater software. Adrian obtained this and gave to John Patzer. Re: Packet- nothing done yet. Re: Tripole structure: Mike Fitzimmons said the Forest Service doesn't do too much anymore. Like watching their sites. For convenience leave on tri pole.

NEW BUSINESS: Take all 440 systems and put them in one place. We have enough 70 centimeter stuff and it doesn't get used much anyway. The win system will stay. The Southern System Inyo Amateur radio Terry Downey's old system should stay. Not too many on All Star System. It is tough to evict anyone from the site. Dennis is going to consolidate all stuff in 6 foot rack. 3 radios in one cabinet. 444.4 –put in rack also. RE: 900 system. A lot of noise on internet provider. – Going to the FCC – Commercial system has drifted on frequency This service is second to Amateur radio service. FCC probably won't do anything. I read Bob Moss's questions regarding packet, antennas ECT. (have copy).

NEW BUSINESS- Adrian & Gigi proposed the net time be at 9:00 p.m. 5 in favor 2 abstained.

RE: Packet. Telemetry will stay on 145.01 for telemetry reasons. Dennis doesn't want to change. If club wants 145.05 Dennis will come up with a 100 watt chassis GE. Will pop some cheap \$10. crystals into it.

NEW BUSINESS. RE: Exam Starting Time. We need to put on website. We will make it at 12:00 noon. For new exam starting time. Bob Payne will update website for correct time. Meeting adjourned at 8:30. Adrian proposed Gigi seconded the motion.
